About

I am Ravan Ismayilov, a versatile developer passionate about Front-End, Mobile, and QA. I possess skills in HTML, CSS, JavaScript, React, Angular, and UI frameworks like Tailwind and Bootstrap. I also develop cross-platform apps using Flutter and Dart, with experience in Bloc, REST APIs, and Clean Architecture. I follow responsive and user-friendly design principles. With QA training, I understand software quality and testing workflows. I enjoy mentoring, teamwork, and bringing creative ideas to life. I am eager to grow further, explore Back-End development, and build impactful digital products across platforms.

Work Experience

Mobil Developer : Intern

01/11/2025 - Present

Nummix.az

Gaining hands-on experience in mobile application development at Nummix.az, focusing on Flutter and React Native technologies. Assisting in the development, testing, and debugging of mobile applications, while collaborating with the development team on real-world projects.

Front - End Developer : Instructor

01/07/2025 - Present

ATL Academy

Conducting practical lessons on Front-End Development (HTML, CSS, JavaScript, React) and guiding students through projects, code reviews, and real-world challenges. Supporting their growth with updated materials and mentoring, while contributing to curriculum improvement with the ATL Academy team.

Front - End Developer : Intern

24/01/2025 - 24/02/2025

Intern Intelligence

As a Front-End Intern at Intern Intelligence, I contributed to feature development and optimization using React.js and JavaScript. I collaborated on debugging, testing, and improving performance to ensure a smooth and responsive user experience.

Front - End Developer : Intern**30/01/2025 - 01/03/2025***SaiKet Systems*

As a Front-End Intern at SaiKet Systems, I worked on building and improving features using React.js, JavaScript, and related frameworks. I focused on debugging, performance optimization, and creating responsive, scalable user interfaces.

Front - End Developer : Intern**10/10/2024 - 01/06/2025***TuringSec*

I interned as a Front-End Developer at TuringSec. I worked with React.js and JavaScript to develop and enhance UI components. My focus was on debugging, optimizing performance, and building responsive designs.

Front - End Developer : Mentor**06/06/2024 - 06/10/2024***Coders Azerbaijan*

Teaching Front-End technologies (HTML, CSS, JavaScript, React) through hands-on projects and mentoring. Guiding students on coding best practices, reviewing code, and supporting their individual skill development with tailored training strategies.

Front-End Developer : Intern**11/07/2024 - 11/08/2024***MyMentor Internship and Development Agency*

Worked on projects using HTML, CSS, JavaScript, and React. Built and optimized responsive UI components, improved performance, and contributed to debugging and on-time delivery with the team.

Skills (Soft Skills)

Teamwork
Conflict Management
Time Management
Analytical Thinking
Collaboration
Creativity
Continuous
Learning Enthusiasm
Problem-Solving Skills

Skills (Hard Skills)

HTML, CSS and its frameworks / SCSS / SASS / Bootstrap
JavaScript / React / TypeScript / Angular / Next.JS / Vue.JS
Redux / Redux Toolkit / Git / GitHub / Vercel
MySQL / Custom Databases / Node.JS
Dart / Flutter
Bloc / Cubit RESTful API / Hive / SharedPreferences / SQLite
Manual Testing / Test Case Writing / Bug Reporting
Jira / Trello / Notion / Devtools / Test Rail / Postman
